Making It Happen – How to do Systems Thinking Change

Following the success of the first Vanguard Network (SW) event in November we are pleased to announce a second Systems Thinking event open to anyone with an interest in learning about how to apply Systems principles within their organisation.

Our hosts at Poole Borough Council have provided a fantastic venue for us to spend a day exploring the 'how to' (and 'how not to') questions of Systems Thinking. Delegates will have the chance to learn from case study material and to question and develop their thinking around change programmes within their own organisations. Experienced Vanguard Systems Thinkers will be on hand to provide input, answer questions and facilitate discussion.

We hope you can join us for what promises to be another fun and thought provoking day.

The delegate day rate is £95+vat, including lunch and refreshments.
